THURSDAY EVENING, MAY 10, 1906.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 4:50 a. m. and sets at 7:02 p. m. High water at 9:31 a. m. and 10:02 p. m.

Weather Probabilities.

For this section fair and warmer tonight and Friday; light to fresh westerly winds.

Democratic Committee.

There was another meeting of the city democratic committee last night at the Hotel Fleischmann. Chairman Charles Bendheim presided and Committee members S. G. Brent, Oscar F. Carter, Oscar Phillips and George L. Simpson were present.

The object of the meeting was to receive the names of such gentlemen as desire to be candidates for the Board of Aldermen and Common Council.

The terms of Aldermen N. P. T. Burke of the First ward, F. F. Marbury of the Second, J. R. N. Curtin of the Third, and J. T. Sweeney of the Fourth, expire September 1. The terms of Councilmen Hubert Snowden and T. L. Rishell of the First ward, Henry Bader and Louis Brill of the Second, W. H. Helmuth and F. J. Pollard of the third, and L. E. Uhler and Albert Bryan of the Fourth, also expire on the 1st of September.

Councilmen Hubert Snowden and Thomas L. Rishell and Alderman N. P. T. Burke, of the First ward, and Councilmen Henry Bader and Louis Brill and Alderman F. F. Marbury, of the Second ward, having no opposition, were declared the nominees for those wards by the committee.

For the Third ward Alderman J. R. N. Curtin was the nominee for the upper board without opposition. The name of J. Fred Birrell for the Common Council in opposition to the incumbents, W. H. Helmuth and F. J. Pollard, was presented. It was decided to hold a primary in that ward Tuesday, May 15, between 2 and 7 p. m.

Councilman Albert Bryan, of the Fourth ward, is the only member of the present council who declined to be a candidate for re-nomination. C. O. Pullman and Councilman L. E. Uhler were named for that ward and Alderman J. T. Sweeney for the upper board.

The committee decided to declare the two remaining candidates for Common Council from the Third ward the democratic nominees for that ward if either of the candidates would withdraw from the race.

The board did not go into the election of a committeeman for the Second ward to fill the vacancy caused by the resignation of George E. Price.

The Fishery.

The better varieties of shad sold at 76 cents each in market this morning, and were extremely scarce at that figure. It was said by one dealer that only eleven shad were caught in Chesapeake Bay early in the season, and that but few succeed in reaching fresh water, while thousands of herring are caught in the same section for the purpose of extracting the oil from them. Equally as many more, after having been landed, are ground into fertilizers. Those which escape one or the other of these fates are cut and salted on the shores where caught. The remnant are sent to Washington, and when the supply is beyond the demand there they are sent here.

Entertainment.

At a social entertainment given under the auspices of the Rechabites of this city Monday night the following programme was well rendered: Piano solo, by Miss Rose; recitations, by Miss Caroline West; piano solo, by Miss Paine; recitation, by R. H. Bartlett; dialogue by Alexandria comedians, Sullivan and Glasgow; temperance lecture, by Mr. Lambert Lyles; piano solo, by Miss Jermond; recitations, by Mr. Ernest Boyer; trio, by the Misses and Master Reber of Washington; dialogue, by Mr. Rolph and Miss Reber, of Washington; piano solo, by Mr. Roger Sullivan. A comparatively large audience was present, among which were several Washingtonians.

Funerals.

The funeral of the late Mrs. Emeline Jacobs, who died at her home, 412 south Lee street, at an early hour yesterday morning, will take place this afternoon at 4 o'clock. The services will be conducted by Rev. Mr. Ewell.

Eli Opacic, a native of Austria, died suddenly at Franconia early yesterday morning. His remains were brought to this city and the funeral took place today from Demaine & Son's undertaking parlors. The services were conducted by Rev. Father Cutler and the interment was made in St. Mary's cemetery. The deceased was employed on railroad work in lower Fairfax county. He was 42 years old.

New Wharf at Chaptico, Md.

The new wharf at Chaptico, St. Mary's county, Md., built by Mr. Sol. Russell for the use of the boats plying between this city and landings on the Potomac river, is ready for use. Chaptico is on the Wisconsin river about five miles above Rock Point, and is about half way between the Potomac and Patuxent rivers. It will be a convenient shipping point for a rich agricultural country, and quantities of tobacco, grain, country produce and oysters will be shipped from there.

The New Bridge.

The flooring of the new iron bridge which will take the place of what was known as Poor House lane is being laid, and it is thought the structure will be opened to the public in a short time. This bridge extends from a point a short distance south of St. Asaph Junction to the Poor House, at which place the road turns north. With the opening of the new bridge all grade crossings will be eliminated.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of last night:

A young white man, arrested by Officers Nicholson and Knight charged with defacing property, was sent to jail for 30 days.

Llewellyn Lane, colored arrested by Officers Garvey and Bell charged with assaulting and beating Lula McCrae, was fined \$5.

John Bryant, colored, arrested by Officers Bell, Henderson, Beach and Garvey charged with escaping from the chain gang, had 20 days added to his sentence.

George Jones, colored, arrested by Officer Knight charged with assaulting and beating Emma Thomas, had his case continued.

Pay for the Soldiers.

Checks were received in this city today from Cutchins & Cutchins, attorneys, in Richmond, for the pay of the members of the old Alexandria Light Infantry (Co. F, Third Virginia Regiment) who served in the Spanish war. These checks are for the time the men were called out by the Government, April 23, 1898 to May 21, the day they were regularly enlisted in the U. S. army. The men have already been paid for the time subsequent to the latter date. The amount per man is \$23 less 20 per cent. for commission to the attorneys.

Canvassing for His Paper.

J. E. Dickerson, a representative of the Norfolk News and Advertiser, a weekly newspaper devoted to the interests of the colored race, is making a very successful canvass for subscribers in this city, having secured a good number of the best white people here. The representative carries with him a strong endorsement by ex-Gov. A. J. Montague, Bishop Randolph and other prominent men. The editor of the paper has attracted considerable attention by the fearlessly moderate and sensible tone of his editorials.

Cold Weather.

The weather during the past few days has been cold and unseasonable, and winter underwear, overcoats and wraps are still in use, while fires are indispensable for comfort within doors. The mercury this morning stood at 37° and frost was visible. The wind still blew from the northwest while fragments of clouds, seemingly carrying snow "spits," chased each other across the heavens. Snow fell at Bluemont, Loudoun county, yesterday morning.

Y. M. S. L.

Rural scenes are always beautiful and those to be shown in the fine comedy, "The Old Diary Homestead," with fine music and specialties, is certain to draw a large audience at the Lyceum tomorrow evening. There will be no reserved seats and the box office will be open at 7 p. m.

He says: "My little daughter had St. Vitus Dance, which yielded to no treatment we tried steadily worse until as a last resort we tried Electric Burets, and I rejoice to say, three bottles effected a complete cure." Fifty-ninth Congress.

Washington, May 10. SENATE.

Mr. Dick, of Ohio, introduced in the Senate today, a joint resolution requiring purchases of material and equipment for the construction of the Panama canal to be restricted to articles of domestic production; but permitting the President to order goods bought abroad to prevent extortion, after proper advertisement.

Protests against prohibiting railways from giving passes to local railway attorneys were presented in great number in the Senate today. The first came from Mr. Hopkins, who explained that it was from an Illinois constituent.

Mr. Dick sent up a bunch from Ohio, and Mr. Scott from West Virginia. They were not read but ordered printed in the Record.

Mr. Cullom thought this a bad practice. "There should be no favoritism," he declared; "if this is to obtain the common people should be heard also."

"Here's one of that kind," exclaimed Mr. McLaurin, who sent up a protest from a Mississippi constituent.

The flood later became a perfect deluge. Almost every Senator's desk held a huge bunch of telegrams of protest and the pages were kept busy delivering the yellow envelopes.

Mr. Elkins sent up a bunch, one being from W. A. Mitchell, of Grafton, W. Va., secretary of the Brotherhood of Railway Trainmen, claiming that the organization felt that the anti-pass amendment to the rate bill encroached upon their personal rights.

Finally Mr. Culberson, the author of the original anti-pass amendment entered a motion to reconsider the vote by which it was passed. He said he would later change its phraseology, if the Senate permitted, placing "actual and bona fide attorneys" of the railways in the exempted classes. The motion was not pressed although Mr. Foraker expressed the hope that it would not be delayed.

Mr. Keen offered a substitute to the entire section. He said it was a draft favored by the commission.

Mr. Teller said that if the commission was to make the rate bill they should be given that entire duty.

Mr. Tillman offered an amendment providing for the filing of local and through rates on rail and water and making the law apply the same to individual and through rates.

HOUSE.

When the House met today consideration of the naval appropriation bill was resumed in committee of the whole.

Mr. Keiler made a vigorous plea for the proposed ten million dollar battle-ship.

Representative Mann, of Illinois, introduced in the House today a resolution directing the Interstate Commerce Commission to investigate the report on the use of and necessity for block signals and appliances for the automatic control of railway trains in the United States. The commission is to recommend such legislation as seems advisable.

The Crapsey Case.

The ecclesiastical court which tried Dr. Crapsey spent yesterday afternoon at Batavia, N. Y., considering the evidence. At 5:30 o'clock, when the conference ended, Rev. J. C. Roberts, president of the court, announced: "We have reached a verdict."

In accordance with a strict agreement among themselves, none of the five clergymen who make up the court would divulge any further information, saying it will be left to Bishop Walker to make public the verdict. The verdict, sentence and findings will be delivered to the bishop today.

It is believed the court has unanimously found Dr. Crapsey guilty of heresy, but is divided on the question of punishment, a majority favoring disqualification, the minority an admonition.

Another report states: "The court has considered both charges and both specifications of the presentment, and the vote throughout has been four to one against Dr. Crapsey. As to the final decision Dr. Dunham refused to accede to the findings of the court, and will file a separate statement. Dr. W. C. Roberts, president of the court, was very bitter in his denunciation of Dr. Crapsey during the session yesterday afternoon. He declared that Dr. Crapsey had gone into this matter with his eyes open and had set a whole diocese afire with controversy."

Mrs. Jefferson Davis is dangerously ill from the grippe at her apartments in the Hotel Gerard, in New York. Mrs. Davis is now nearly eighty years old.

Mrs. Lillian N. Duke this morning filed in the court of the Chancery, in Trenton, N. J., her formal appeal from the decision of that court which last week gave a final decree in favor of her husband, James B. Duke, a tobacco magnate in his divorce proceedings against her.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.
